WE GIVE NO WARRANTY, EXPRESS OR IMPLIED, AS TO DESCRIPTION, QUALITY, PRODUCTIVENESS OR ANY OTHER MATTER OF ANY SEEDS WE SELL AND WILL NOT BE IN ANY WAY RESPONSIBLE FOR THE CROP

March 28, 1946

The demand for M BRAND SEEDS has been heavier this season than ever before. It has far exceeded the supply of Red Clover, Mammoth Clover, Alsike and Hubam Sweet Clover. We are sold out of these seeds.

We are thankful to our customers for their cooperation, since we have not always been able to fill orders promptly this Spring. We are striving to improve our service to avoid disappointment.

SWEET CLOVER AND ALFALFA STOCKS ARE LIMITED. We are preparing Alfalfa now for shipment against earlier bookings and hope to have all orders delivered in about 10 days.

KOREAN LESPEDEZA supplies are ample. SEE OUR LOWER PRICES QUOTED IN THIS LIST. Lespedeza is unequalled for Summer pasture, and compares favorably with Corn for fattening cattle; hay ranks with Alfalfa or Clover in quality. Lespedeza-Timothy mixture can be used instead of Clover-Timothy mixture.
